## Short synopsis in English

Curious Jason (12) is drawn into an adventure bigger than he could ever have imagined when he visits a particle accelerator and causes a malfunction: He shrinks to subatomic size and finds himself in an existential battle between good and evil. The tyrannic Z wants to conquer the atomic nucleus and the human world! Jason teams up with the the Nucleonauts, a brave group of resistance fighters to stop Z. He must outgrow himself to save both worlds and return home safely.
